Learning and delivery decisions

**Learning objectives & outcomes**
- What is it you wish students to learn, be able to do?

**Learning activities** (essential)
- What key activities will facilitate attainment of the objectives?

**Teaching/delivery strategies**
- What teaching/delivery strategies will support the learning activities?
- What strategies will best suit students’ needs and preferences?

**Delivery systems**
- What delivery systems will support the teaching/learning strategies?

**Assessment of learning outcomes**
- How will you know that the desired learning has been achieved?

**Strategies mix**
- Synchronous/asynchronous
- Individual/group study
